Dynamics Business Central

Quadient's AP solution automates AP workflows to empower accounting professionals and allow finance teams to focus on higher-value work.

Dec. 20, 2022

Quadient has announced a new partnership between its accounts payable (AP) automation cloud solution and Microsoft Dynamics Business Central (formerly known as MS Dynamics NAV) that will benefit users in North America, UK, and Ireland.

Through the new integration with **Quadient Accounts Payable Automation by Beanworks**, companies using Business Central on premises as their ERP will reduce time spent on manual data entry, as well as more quickly code and approve invoices. Key features financial professionals can leverage through the integration include unlimited approval channels for automated routing, auto capture to populate invoice

header details and dollar amounts and the ability to sync data between systems on a
