Generally, in the case of a corporation, the underpayment rate is the federal short-term rate plus 3 percentage points, and the overpayment rate is the federal short-term rate plus 2 percentage points. The rate for large corporate underpayments is the federal short-term rate plus 5 percentage points. The rate on the portion of a corporate overpayment of tax exceeding \$10,000 for a taxable period is the federal short-term rate plus one-half (0.5) of a percentage point.

The interest rates announced on May 22 are computed from the federal short-term rate determined last month. See [Revenue Ruling 2023-11](#) for details.
