consolidate tools for small business leaders and their employees, minimize the risk of error around expenses, and help employees create expenses on the go, Justworks created Expenses as a tech-forward, intuitive, and easy-to-use solution. Rather than integrating with an external expense management solution, which requires leaders and employees to learn and/or manage yet another software product, Justworks built its own expense management tool the Justworks way: simple to set-up and easy-to-use with support for employers and employees.

Expenses will be available to Justworks PEO customers starting July 24, 2023 (both on the Basic and Plus plans) at no additional cost. Only W-2 employees on the Justworks PEO can use Expenses at launch.
