[Expensify](#), Inc., a financial management app for expenses and corporate cards, has announced the release of enhanced [insights and custom reporting](#) functionality, built with expert input from top accounting leaders.

The Insights feature allows any Expensify member to easily monitor all aspects of company spend across categories such as employees, projects, departments, and subsidiaries. In addition to a visual reporting dashboard, Expensify introduced a Custom Reports feature, where trained admins can take a consultative approach and

build the reports they need to understand, analyze, and summarize their companies’
