The Summer of AI Podcast Series

A 3-part conversation series that dives into the sizzling hot world of artificial intelligence and shares practical tips on how to leverage it to boost productivity, unlock growth potential, and create more resilient organizations.

Sep. 06, 2023

A 3-part conversation series that dives into the sizzling hot world of artificial intelligence and shares practical tips on how to leverage it to boost productivity, unlock growth potential, and create more resilient organizations.

Each conversation features distinguished panelists who have made significant contributions to the field of AI, moderated by industry veterans. Our panelists will delve into the most pressing topics facing today's business leaders around AI

adoption and discuss how AGI, LLMs, machine learning, and natural language processing are driving seismic shifts in the workplace.

Prepare to be inspired, informed, and engaged as we surface the latest developments in AI and address the future possibilities of work it has unlocked. Don't miss the opportunity to be part of the "Summer of AI" and beat the heat with cool conversations!
