Isaac M. O'Bannon • Apr. 15, 2024

TaxDome, a provider of integrated software solutions for tax professionals and accountants, has completed a System and Organization Controls (SOC) 2 Type I attestation for Security. This achievement underscores their unwavering commitment to maintaining the highest levels of data security and safeguarding client information. Bookkeepers, CPAs and accountants utilize TaxDome's platform for its streamlined, highly secure workflow management.

"TaxDome's SOC 2 achievement is a testament to our ongoing dedication to our clients," said Ilya Radzinsky, Founder of TaxDome. "We understand the importance of data security in our industry and take our responsibility to protect client information very seriously. Successfully completing our SOC 2 Type I audit is a clear indication of our commitment to prioritizing the security of customer data."

TaxDome underwent an independent audit, conducted with the assistance of Strike Graph, which verified that the company's controls related to information security

practices, policies, procedures, and operations meet the stringent SOC 2 standards for
